On the afternoon of Tuesday, January 29, 2013, Dykes boarded a school bus which was stopped on the road on or next to Dykes' property. Armed with a firearm, he demanded the driver, Poland, select and restrain two boys from the bus, and provide the boys to Dykes. Poland refused, which began a verbal confrontation which lasted two to three minutes. Dykes repeatedly commanded Poland to comply and told him that "it's got to happen." Although Dykes cannot be fully seen on the school bus' video camera footage, two dark flex cuff type restraints, looped together, can be seen in Dykes' hand. Eventually, Dykes shot Poland several times and abducted [REDACTED] who was at the front of the bus. Dykes left a note behind, directed to Poland, explaining his demands and offering an apology to Poland. (U//~~FOUO~~)

The note read: "REMAIN CALM, ACT NATURAL AND READ: I have a story to tell. I need two hostages to force the powers that be to listen. You will choose two smart, well mannered, good kids, age 6-10, preferably boys with no physical/mental/medical problems. You will connect them at the wrists with this tie, bring the forward, they & I will leave the bus. You will immediately drive down the road and call the law. No harm will come to the kids. When the story is finished, they will go free and then I will die. Do exactly as I say. Please do not make any wrong moves, I do not want to shoot you. I do not want to traumatize the kids any more than absolutely necessary. Now get this done as soon as possible. My cell ph. # is 904-412-3127. My name is Jim Dykes. Take a deep breath; you can do this. Again, do not mess this up and no one will be harmed. P.S. Thanks Chuck, I'm extremely sorry, but I have to do this. Please don't make me do something I don't want to do!!! Don't ask me anything, don't tell me anything. Just do it quickly." (U//~~FOUO~~)

Dykes initially communicated with law enforcement via a long, buried polyvinyl chloride (PVC) pipe used as a speaking tube. Later, a negotiation "throw phone" was deployed into the bunker with Dykes'
